

ULI NASHVILLE MENTORSHIP PROGRAM

*ULI Nashville recently began the fourth year of its successful member-only Mentor Program. The program is structured as a one-on-one Mentor/Mentee experience and was developed by our Young Leader Mentor Committee based on local priorities and goals, as well as on successful examples of other ULI Mentor programs. This program is a **meaningful** asset to our District Council and members, helping shape future industry leaders and bringing value to our Mentors as well!*

The Mentor Program is thoughtfully conceived and implemented to ensure a most valuable experience for all involved.

Details of the program include a detailed participant questionnaire, thoughtful and meticulous 'pairing' process, non-disclosure guarantees, regular assessments and feedback, and opportunities for networking among all participants in the program.

After three and ½ years of offering the ULI Nashville Mentor Program, it has grown to be a stand-out opportunity for our members.

Thanks also to the hard-working YL Mentor Steering Committee:
